Then go to my class log in- top right hand corner Username: yeartwoh
Password: redhall
Maths/English - Given out on a Tuesday . More details to follow.

Science

This half terms science is based all around our topic of magic and Mystery We will be exploring materials and their properties. We will then be using the knowledge that we have found out to support our Art and Design project.

To support your child's learning at home you can identify materials around your home and discuss their properties and talk about why the materials are used.

Art and Design

This term Art and Design will be based around our topic of Magic and Mystery. Using our knowledge of materials from Science we will be designing and creating puppets .

We are also going to learning about Primary colours and use this knowledge to create castles in the style of Paul Klee.

English

This half term our literacy is based around Winnie the Witch. We will be describing the characters and settings of the story. We will be using the story 'Winnie the Witch and the Midnight Dragon' to support our own story writing. We will be writing instructions on how to turn our teacher into a toad and writing some spell poems.

To support your child's learning at home you can read regularly with your child discussing the text.

Year 2 Autumn Term Magic and Mystery

Maths

This half term we will be learning about Place Value. We will be working with numbers to 100. We will be exploring their values and identifying different ways of splitting the values up.

To support your child's learning at home you can identify numbers to 100. Count to 100. Count in different steps- in 2's, 10's and 5's.
