

	<p>direct address in instructions and persuasive writing) in narratives, describe settings, characters and atmosphere integrate dialogue in narratives to convey character and advance the action select vocabulary and grammatical structures that reflect what the writing requires, doing this mostly appropriately (e.g. using contracted forms in dialogues in narrative; using passive verbs to affect how information is presented; using modal verbs to suggest degrees of possibility)</p>	<p>use verb tenses consistently and correctly throughout their writing use the range of punctuation taught at key stage 2 mostly correctly (e.g. inverted commas and other punctuation to indicate direct speech) spell correctly most words from the year 5 / year 6 spelling list, and use a dictionary to check the spelling of uncommon or more ambitious vocabulary maintain legibility in joined handwriting when writing at speed.</p>	<p>who had remembered his wellies, was first to jump in the river. The robberies, which had taken place over the past month, remained unsolved. Create and punctuate complex sentences using ed openers. Create and punctuate complex sentences using ing openers. Create and punctuate complex sentences using simile starters. Demarcate complex sentences using commas and explore ambiguity of meaning. Explore, collect and use modal verbs to indicate degrees of possibility e.g. might, could, shall, will, must.</p>	<p>place and numbers e.g. later, nearby, secondly. Identify and use brackets and dashes Use suffixes –ate, -ise, -ify to convert nouns and adjectives into verbs. Investigate verb prefixes e.g. dis-, re-, pre-, mis-, over- <b>Composition</b> Plan their writing by: Identifying the audience and purpose Selecting the appropriate language and structures. Using similar writing models. Noting and developing ideas Drawing on reading and research. Thinking how authors develop characters and settings (in books, films and performances). Draft and write by: Selecting appropriate grammar and vocabulary. Blending action, dialogue and description within and across paragraphs. Using devices to build cohesion Using organisation and presentational devices e.g. headings, sub headings, bullet points, diagrams, text boxes.</p>	<p>punctuation to enhance effects and clarify meaning. Ensuring consistent and correct use of tense throughout a piece of writing. Ensuring consistent subject and verb agreement Proofreading for spelling and punctuation errors. Perform own compositions for different audiences: Using appropriate intonation and volume. Adding movement. Ensuring meaning is clear.</p>	<p>Use further prefixes and suffixes and understand the guidelines for adding them. Spell some words with ‘silent’ letters, e.g. knight, psalm, solemn Continue to distinguish between homophones and other words which are often confused Use knowledge of morphology and etymology in spelling and understand that the spelling of some words needs to be learnt specifically. Use dictionaries to check the spelling and meaning of words. Use the first three or four letters of a word to check spelling, meaning or both of these in a dictionary. Use a thesaurus. Use suffixes –ate, -ise, -ify to convert nouns and adjectives into verbs. Investigate verb prefixes e.g. dis-, re-, pre-, mis-, over- <b>Handwriting</b> Write fluently. Choose when it is appropriate to print or join writing e.g. printing for labelling a scientific diagram.</p>
<p>Read Aloud Book.</p> <p>Guided Reading</p>	<p><b>Yr 6 Who Let the Gods Out</b> <b>Yr 5 Beowulf</b></p> <p><b>Range of age appropriate texts from various sources e.g. Reading Vipera; Grammarsaurus etc.</b> <b>Paper and electronic e.g. Read Theory</b></p> <p><b>Reading</b></p>	<p><b>Yr 6 Who Let the Gods Out</b> <b>Yr 5 Beowulf</b></p> <p><b>Reading</b> <b>Maintain positive attitudes to reading and understanding what they read by:</b> <b>Listening to, reading and discussing an increasingly wide range of fiction, poetry, plays and non-fiction.</b></p>	<p><b>Yr 6 Windrush Child</b> <b>Yr 5 Cogheart</b></p> <p><b>Reading</b> <b>Understand what they read by:</b> Using a reading journal to record on-going reflections and responses to personal reading.</p>	<p><b>Yr 6 Windrush Child</b> <b>Yr 5 Cogheart</b></p> <p><b>Reading</b> <b>Discuss / evaluate how authors use language including figurative language, considering the impact on the reader by:</b> Exploring, recognising and using the terms</p>	<p><b>Yr 6 The Hobbit</b> <b>Yr 5 The Boy at the Back of the Class</b></p> <p><b>Reading</b> <b>Word reading:</b> Use knowledge of root words to understand meanings of words. Apply knowledge of prefixes to understand meaning of new words.</p>	<p><b>Yr 6 The Hobbit</b> <b>Yr 5 The Boy at the Back of the Class</b></p> <p><b>Reading</b> Inferring characters feelings, thoughts and motives from their actions and justifying inferences with evidence</p>

	<p><b>Employ dramatic effect to engage listeners whilst reading aloud. Read extensively for pleasure. Evaluate texts quickly in order to determine their usefulness or appeal. Understand underlying themes, causes and consequences within whole texts. Understand the structures writers use to achieve coherence; (headings; links within and between paragraphs; connectives). Recognise authors' techniques to influence and manipulate the reader</b></p>	<p>Regularly listening to novels read aloud by the teacher from an increasing range of authors, which they may not choose themselves. Recognising themes within and across texts e.g. hope, peace, fortune, survival. Making comparisons within and across texts e.g. similar events in different books, such as being an evacuee in Carrie's War and Goodnight Mr Tom. Comparing texts written in different periods. Analysing the conventions of different types of writing e.g. use of dialogue to indicate geographical and/or historical settings for a story. Independently read longer texts with sustained stamina and interest Recommending books to their peers with detailed reasons for their opinions Expressing preferences about a wider range of books including modern fiction, traditional stories, fiction from our literary heritage and books from other cultures and traditions. Learning a wider range of poems by heart. Preparing poems and playscripts to read aloud and perform using dramatic effects.</p>	<p>Exploring texts in groups and deepening comprehension through discussion. Exploring new vocabulary in context Demonstrating active reading strategies e.g. challenging peers with questions, justifying opinions, responding to different viewpoints within a group. Inferring characters feelings, thoughts and motives from their actions, justifying inferences with evidence e.g. Point; Evidence; Explanation Predicting what might happen from information stated and implied Re-read and reads ahead to locate clues to support understanding and justifying with evidence from the text. Scanning for key information e.g. looking for descriptive words associated with a setting. Skimming for gist. Using a combination of skimming, scanning and close reading across a text to locate specific detail. Identifying how language, structure and presentation contribute to meaning e.g. persuasive leaflet, balanced argument.</p>	<p>personification, analogy, style and effect. Explaining the effect on the reader of the authors' choice of language and reasons why the author may have selected these. Distinguish between statements of fact or opinion across a range of texts e.g. first-hand account of an event compared with a reported example such as Samuel Pepys' diary and a history textbook. Participate in discussions about books building on their own and others' ideas and challenging views courteously. <b>Explain and discuss their understanding of what they have read, including through formal presentations and debates, maintaining a focus on the topic and using notes where necessary by:</b> Preparing formal presentations individually or in groups Using notes to support presentation of information Responding to questions generated by a presentation. Participating in debates on issues related to reading (fiction/non-fiction). <b>Provide reasoned justifications for their views</b> Justifying opinions and elaborating by referring to the text e.g. Point; Evidence; Explanation</p>	<p>Use suffixes to understand meanings e.g. -ant, -ance, -ancy, -ent, ence, -ency, -ible, -able, -ibly, -ably Read and understand meaning of words on Y5/6 word list Use punctuation to determine intonation and expression when reading aloud to a range of audiences. <b>Comprehension:</b> Maintain positive attitudes to reading and understanding what they read by: Listening to and discussing a range of fiction/poetry/non-fiction which they might not choose to read themselves. Regularly listening to whole novels read aloud by the teacher from an increasing range of authors. Exploring themes within and across texts e.g. loss, heroism, friendship. Making comparisons within a text e.g. characters' viewpoints of same events. Analysing the conventions of different types of writing e.g. use of first person in autobiographies and diaries. Recommending books to their peers with reasons for choices. Reading books and texts that are structured in different ways for a range of purposes Expressing preferences about a wider range of books including modern fiction/traditional stories/myths/legends. Learning a wider range of poems by heart. Preparing poems and playscripts to read aloud and perform, showing understanding through intonation, tone, volume and action so the meaning is clear to an audience.</p>	<p>Predicting what might happen from information stated and implied Re-read and reads ahead to locate clues to support understanding Scanning for key words and text marking to locate key information. Summarising main ideas drawn from more than one paragraph and identifying key details which support this. Identifying how language, structure and presentation contribute to meaning e.g. formal letter, informal diary, persuasive speech. <b>Discuss and evaluate how authors use language including figurative language, considering the impact on the reader</b> Exploring, recognising and using the terms metaphor, simile, imagery Explaining the effect on the reader of the authors' choice of language. Distinguish between statements of fact or opinion within a text. Participate in discussions about books that are read to them and those they can read for themselves, building on their own and others ideas and challenging views courteously.  Explain and discuss their understanding of what they have read, including through formal presentations and debates, maintaining a focus on the topic and using notes where necessary by: Preparing formal presentations individually or in groups.</p>
--	---	--	---	--	--	---

					<p><b>Understand what they read by:</b>          Checking that the book makes sense to them and demonstrating understanding e.g. through discussion, use of reading journals          Exploring meaning of words in context.          Demonstrating active reading strategies e.g. generating questions to refine thinking, noting thoughts in a reading journal.</p>	<p>Using notes to support presentation of information          Responding to questions generated by a presentation.          Participating in debates on an issue related to reading (fiction or non-fiction).  <b>Provide reasoned justifications for their views by:</b>          Justifying opinions and elaborating by referring to the text. (Point + Evidence + Explanation).</p>
Numeracy	<p>Year 5  <b>Place Value:</b>          Count forwards or backwards in steps of powers of 10 for any given number up to 1 000 000.          Read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit.          Identify represent and estimate numbers using the number line.          Find 0.01, 0.1, 1, 10, 100, 100 and other powers of 10 more or less than a given number.          Round any number up to 1 000 000 to the nearest 10, 100, 1000, 10 000 and 100 000.</p>	<p>Year 5  <b>Multiplication and Division:</b> Multiply/divide whole numbers and decimals by 10, 100 and 1000.           Identify multiples and factors, including finding all factor pairs of a number, and common factors of two numbers.          Know and use the vocabulary of prime numbers, prime factors and composite (non-prime) numbers.          Use partitioning to double or halve any number, including decimals to two decimal places.          Multiply and divide numbers mentally</p>	<p><i>Year 5</i>  <b>Time:</b>          Continue to read, write and convert time between analogue and digital 12 and 24-hour clocks.          Solve problems involving converting between units of time.  <b>Multiplication and Division:</b>          Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers.          Divide numbers up to 4 digits by a one-digit number using the</p>	<p><i>Year 5</i>  <b>Fractions:</b>          Recognise mixed numbers and improper fractions and convert from one form to the other.          Count on and back in mixed number steps such as 1 1/2.          Compare and order fractions whose denominators are all multiples of the same number (including on a number line).          Identify, name and write equivalent fractions of a given fraction, represented visually, including tenths and hundredths.</p>	<p>Year 5  <b>Decimals:</b>          Round decimals with two decimal places to the nearest whole number and to one decimal place.          Describe and extend number sequences including those with multiplication/division steps and where the step size is a decimal.          Select a mental strategy appropriate for the numbers involved in the calculation.  <b>Properties of Shape:</b>          Distinguish between regular and irregular polygons based on reasoning about equal sides and angles.</p>	<p>Year 5          Use, read and write standard units of length and mass.          Convert between different units of metric measure.           Use all four operations to solve problems involving measure using decimal notation, including scaling.           Estimate (and calculate) volume ((e.g., using 1 cm<sup>3</sup> blocks to build cuboids (including cubes)) and capacity (e.g. using water).          Understand the difference between</p>

	<p>Interpret negative numbers in context, count on and back with positive and negative whole numbers, including through zero. Read Roman numerals to 1000 (M); recognise years written as such.</p> <p><b>Addition and Subtraction:</b> Choose an appropriate strategy to solve a calculation based upon the numbers involved (recall a known fact, calculate mentally, use a jotting, written method).</p> <p>Recall and use addition and subtraction facts for 1 and 10 (with decimal numbers to one decimal place). Derive and use addition and subtraction facts for 1 (with decimal numbers to two decimal places). Add and subtract numbers mentally with increasingly large numbers and decimals to two decimal places. Add and subtract whole numbers with more than 4 digits and decimals with two decimal places,</p>	<p>drawing upon known facts. Solve problems involving multiplication and division including using their knowledge of factors and multiples, squares and cubes.</p> <p><b>Statistics:</b> Complete, read and interpret information in tables and timetables. Solve comparison, sum and difference problems using information presented in all types of graph including a line graph. Calculate and interpret the mode, median and range. Complete and interpret information in a variety of sorting diagrams (including those used to sort properties of numbers and shapes).</p> <p><b>Area &amp; Perimeter:</b> Measure/calculate the perimeter of composite rectilinear shapes. Calculate and compare the area of rectangle, use standard units square centimetres (cm<sup>2</sup>) and square metres (m<sup>2</sup>) and</p>	<p>formal written method of short division and interpret remainders appropriately for the context. Use estimation/inverse to check answers to calculations; determine, in the context of a problem, an appropriate degree of accuracy. Solve problems involving addition, subtraction, multiplication and division and a combination of these, including understanding the meaning of the equals sign. Solve problems involving multiplication and division, including scaling by simple fractions and problems involving simple rates.</p>	<p>Add and subtract fractions with denominators that are the same and that are multiples of the same number (using diagrams). Write statements <math>&gt; 1</math> as a mixed number Multiply proper fractions and mixed numbers by whole numbers, supported by materials and diagrams. Solve number and practical problems that involve all of the above.</p> <p><b>Decimals &amp; Percentages:</b> Count forwards and backwards in decimal steps. Read, write, order and compare numbers with up to 3 decimal places. Identify the value of each digit to three decimal places. Read and write decimal numbers as fractions (e.g. <math>0.71=71/100</math>). Recognise and use thousandths and</p>	<p>Use the properties of rectangles to deduce related facts and find missing lengths and angles. Identify 3-D shapes from 2-D representations. Know angles are measured in degrees: estimate and compare acute, obtuse and reflex angles. Draw given angles, and measure them in degrees (<math>^{\circ}</math>). Identify angles at a point and one whole turn (total <math>360^{\circ}</math>), angles at a point on a straight line and half, a turn (total <math>180^{\circ}</math>), other multiples of <math>90^{\circ}</math>.</p> <p><b>Position &amp; Direction:</b> Describe positions on the first quadrant of a coordinate grid. Plot specified points and complete shapes. Identify, describe and represent the position of a shape following a reflection or translation, using the appropriate language, and know that the</p>	<p>liquid volume and solid volume.</p> <p>Continue to order temperatures including those below <math>0^{\circ}\text{C}</math>. Understand and use approximate equivalences between metric units and common imperial units such as inches, pounds and pints.</p>
--	---	---	---	--	---	---

	<p>including using formal written methods (columnar addition and subtraction). Use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy. Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why. Choose an appropriate strategy to solve a calculation based upon the numbers involved (recall a known fact, calculate mentally, use a jotting, written method).</p>	<p>estimate the area of irregular shapes.</p>		<p>relate them to tenths, hundredths and decimal equivalents. Recognise the per cent symbol (%) and understand that per cent relates to 'number of parts per hundred', and write percentages as a fraction with denominator 100, and as a decimal. Solve problems involving fractions and decimals to three places. Solve problems which require knowing percentage and decimal equivalents of <math>\frac{1}{2}</math>, <math>\frac{1}{4}</math>, <math>\frac{1}{5}</math>, <math>\frac{2}{5}</math>, <math>\frac{4}{5}</math> and fractions with a denominator of a multiple of 10 or 25.</p>	<p>shape has not changed.</p>	
<p>Maths Year 6</p>	<p>Year 6</p> <p><b>Place Value</b> Count forwards or backwards in steps of integers, decimals, powers of 10. Read, write, order and compare numbers up to 10 000 000 and determine the value of each digit.</p>	<p>Year 6</p> <p><b>Fractions</b> Compare and order fractions, including fractions <math>&gt; 1</math> (including on a number line). Use common factors to simplify fractions; use common multiples to express fractions in the same denomination.</p>	<p>Year 6</p> <p><b>Decimals &amp; Percentages</b>  Find simple percentages of amounts. Solve problems involving the calculation of percentages (e.g. of</p>	<p>Year 6</p> <p><b>Area, Perimeter &amp; Volume</b> Recognise that shapes with the same areas can have different perimeters and vice versa. Calculate the area of parallelograms and triangles.</p>	<p>Year 6</p> <p><b>Statistics</b> Continue to complete and interpret information in a variety of sorting diagrams (including sorting properties of numbers and shapes). Interpret and construct pie charts</p>	<p>Year 6</p> <p><b>Investigations and Transition Maths</b></p>

	<p>Identify the value of each digit to three decimal places. Identify, represent and estimate numbers using the number line. Order and compare numbers including integers, decimals and negative numbers. Find 0.001, 0.01, 0.1, 1, 10 and powers of 10 more/less than a given number. Round any whole number to a required degree of accuracy. Round decimals with three decimal places to the nearest whole number or one or two decimal places. Multiply and divide numbers by 10, 100 and 1000 giving answers up to three decimal places. Use negative numbers in context, and calculate intervals across zero. Describe and extend number sequences including those with multiplication and division steps, inconsistent steps, alternating steps and those where the step size is a decimal.</p>	<p>Recall and use equivalences between simple fractions, decimals and percentages, including in different contexts. Associate a fraction with division and calculate decimal fraction equivalents (e.g. 0.375 and <math>\frac{3}{8}</math> ). Add and subtract fractions with different denominators and mixed numbers, using the concept of equivalent fractions.</p> <p>Multiply simple pairs of proper fractions, writing the answer in its simplest form. Divide proper fractions by whole numbers (e.g. <math>\frac{1}{3} \div 2 = \frac{1}{6}</math> ).</p> <p><b>Position &amp; Direction</b> Describe positions on the full coordinate grid (all four quadrants). Draw and translate simple shapes on the coordinate plane, and reflect them in the axes.</p>	<p>measures and such as 15% of 260) and the use of percentages for comparison.</p> <p><b>Algebra</b> Use simple formulae. Generate and describe linear number sequences. Express missing number problems algebraically. Find pairs of numbers that satisfy an equation with two unknowns. Enumerate possibilities of combinations of two variables.</p> <p><b>Properties of Shape</b> Compare/classify geometric shapes based on the properties and sizes. Draw 2-D shapes using given dimensions and angles. Illustrate and name parts of circles, including radius, diameter and circumference and know that the</p>	<p>Recognise when it is possible to use formulae for area and volume of shapes. Calculate, estimate and compare volume of cubes and cuboids using standard units, including cubic centimetres (cm<sup>3</sup>) and cubic metres (m<sup>3</sup>), and extending to other units (e.g. mm<sup>3</sup> and km<sup>3</sup>).</p> <p><b>Measures</b> Use, read and write standard units of length, mass, volume and time using decimal notation to three decimal places. Solve problems involving the calculation and conversion of units of measure, using decimal notation up to three decimal places where appropriate. Convert between standard units of length, mass, volume and time using decimal notation to three decimal places.</p>	<p>and line graphs and use these to solve problems. Solve comparison, sum and difference problems using information presented in all types of graph. Calculate and interpret the mean as an average.</p>	
--	--	---	--	--	--	--

	<p>Solve number and practical problems that involve all of the above.</p> <p><b>Four Operations</b> Choose an appropriate strategy to solve a calculation based upon the numbers involved (recall a known fact, calculate mentally, use a jotting, written method). Select a mental strategy appropriate for the numbers in the calculation. Recall and use addition and subtraction facts for 1 (with decimals to two decimal places). Perform mental calculations including with mixed operations and large numbers and decimals. Add and subtract whole numbers and decimals using formal written methods (columnar addition and subtraction). Use estimation to check answers to calculations and determine, in the context of a problem, an appropriate degree of accuracy.</p>		<p>diameter is twice the radius. Recognise, describe and build simple 3-D shapes, including making nets. Recognise angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles. Find unknown angles in any triangles, quadrilaterals, regular polygons.</p>	<p>Convert between miles and kilometres. Calculate differences in temperature, including those that involved a positive and negative temperature.</p> <p><b>Ratio</b> Solve problems involving the relative sizes of two quantities where missing values can be found using integer multiplication/division facts. Solve problems involving unequal sharing and grouping using knowledge of fractions and multiples. Solve problems involving similar shapes where the scale factor is known or can be found.</p>		
--	--	--	--	---	--	--

	<p>Use knowledge of the order of operations to carry out calculations. Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why. Solve problems involving all four operations, including those with missing numbers. Choose an appropriate strategy to solve a calculation based upon the numbers involved (recall a known fact, calculate mentally, use a jotting, written method). Identify common factors, common multiples and prime numbers. Use partitioning to double or halve any number. Perform mental calculations, including with mixed operations and large numbers. Multiply multi-digit numbers up to 4 digits by a two-digit whole number using the formal written method of long multiplication.</p>					
--	---	--	--	--	--	--

	<p>Multiply one-digit numbers with up to two decimal places by whole numbers.</p> <p>Divide numbers up to 4 digits by a two-digit whole number using the formal written methods of short or long division, and interpret remainders as whole number remainders, fractions, or by rounding, as appropriate for the context.</p> <p>Use written division methods in cases where the answer has up to two decimal places.</p> <p>Use estimation and inverse to check answers to calculations and determine, in the context of a problem, an appropriate degree of accuracy.</p> <p>Use knowledge of the order of operations to carry out calculations.</p> <p>Solve problems involving all four operations, including those with missing numbers.</p>
